...worked hard for **2 years** and during that period:

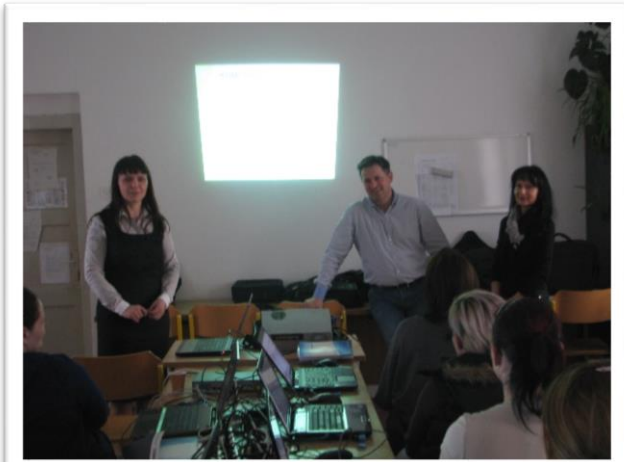

- Brought the **education and 2 training modules** for acquiring **business and social competences** of female prisoners and ex-offenders with qualified tutors.

- **Trained the candidates for tutors** who will work with **female prisoners and ex-offenders.**

• Had a pilot

implementation in Slovenia and Lithuania

5th (final) project meeting took place in **Ljubljana, Slovenia** on **3-4 September 2015** and was organized by **CDI Univerzum**.

All of the activities and work packages were summarized and discussion was focused on the development of the

Handbook for tutors of female prisoners and ex-offenders.

Tutors (and candidates for tutors) will have **Handbook** that will help them transfer **competences, skills and knowledge** to **female prisoners and ex-offenders!**

New opportunities for female prisoners and ex-offenders!

With the competencies they acquire through trainings, they will be ready **to enter the job market,** but also **to experience self-employment** as an opportunity!

Trainings and education will provide new **set of competencies for both tutors and learners!**
